To The Department of Justice,

As a consumer, I want to see this lawsuit against Microsoft settled. My own personal opinion is we consumers have only benefited from the Microsoft Corporation's innovations. The accusations against Microsoft are ludicrous. Unfortunately, a few special interests are attempting to use this review period to derail the settlement and prolong this litigation even in the midst of uncertain economic times. The last thing the American economy needs is more litigation that benefits only a few wealthy competitors and stifles innovation.
